The Elit SHOW is a show inside the GPC World Cup.

At this year the Hungarian Powerlifting Congress created an "ELITE category" on our competitions. This is a performance-linked category where outstanding competitors can start. We have a defined lower boundary for this. Making this spectacular and attractive event for the press and the audience. The ELITE category takes only on one stage with higher audio and light technology and live rock show. We will use individual awards. We wait and welcome lifters who can make the minimal levels. We created this category to the www.powerlifting.hu site and you can use the online entry.

We need official diplom or certificate for the minimal level to this e-mail: janos.fazekas87@gmail.com
